

# Pray for Japan

from Hawaii

Pray for Japan from Hawaii (PFJFH) was established to support the relief and long-term recovery efforts for the earthquake and tsunami that impacted the Tohoku region of Japan in March 2011. Our organization coordinate fundraisers to support recovery efforts in Japan.

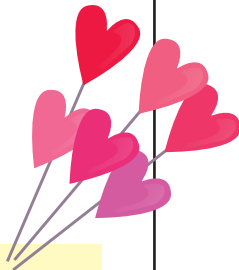

All donations will go to Japanese American Red Cross through Japan-America Society of Hawaii and direct support for recovery projects in Japan.

PFJFH do not have a motive to seek profit through PFJFH's Earthquake Relief Fund. We are receiving many voluntarily efforts to ensure that operational budgets are sustainable on a daily basis.

ALOHA

## Japan Need Help

Over a dozen communities and towns were swept away by the tsunami. Many families and communities were displaced by the devastating tsunami. Over 59,000 acres of farmlands and over 19,000 fishing vessels were either lost or damaged due to the tsunami, as well as, small business owners. Over 25,000 people lost their lives, however, as of today there is a total of over 131,000 people are still living in shelters.
